Happy New Year!

Dear Friend of Turning Point,

One act of kindness can change a survivor's life forever. A donation today can mean a lifetime of peace, warmth, and light in the life of a survivor of domestic and intimate partner abuse. It is because of our donors that survivors in the Lehigh Valley can count on Turning Point to provide them with the life-saving services they need to escape abusive relationships. Your generosity serves as a beacon of hope for survivors in the Lehigh Valley.

"I didn't give up even when it seemed impossible. Even when my family and friends told me to be realistic and that it would be a long time before I got things together. I am thankful for Turning Point's shelter and staff that gave me the time and a safe space to get myself together. I never thought I would be able to purchase a home, but with a lot of hard work I became a homeowner. It's a small house that has high potential and with a little fixing, it is now my home. I hope my humble story is of motivation to someone else. Even though it was a long path...I made it!"

It is because of generous individuals like you that we were able to help almost 3,500 survivors and their families access counseling, secure housing, find employment, and rediscover their voice last year. You were instrumental in bringing an abundance of light into the lives of each of these survivors.

Although I am happy to report that Turning Point is helping a record number of survivors, the reality is that there is an increase in demand for all of our services and that survivors need us more now than ever before. By making a one-time donation or pledging to give monthly, you're letting survivors know they are not alone and that there are better days just around the corner. Your donation serves as a beacon of hope and the light survivors need to find their way out of the darkness. Alone our light flickers in the darkness, but together our lights can illuminate the darkest of places.

Thank you for your support of our mission to *eliminate domestic and intimate partner abuse in the Lehigh Valley through empowerment, education, and engagement*. I wish you much peace and goodwill this holiday season and New Year!

In peace,
