

**Thursday
Empowerment Group**

Healing Art Program

2nd Tuesday of Each Month | Teens
2nd Thursday of Each Month | Adults

May-December
Teen & Adult Virtual Workshops
with Artist Mallory Zondag

Experience a variety of hands of artforms that allow for a freeform meditative experience. Have you ever made fabric using just wool, warm water and soap? Or created a painting just by pouring paint and tilting the canvas? There are many forms of art that can be more about the act of making and the enjoyment of the process. Those are the forms we will focus on. Not a drop of experience or artistic know how is necessary to experience the fun and joy of creating tactile and abstract art. Art kits will be available for pick-up free of charge.
